PROJECT REPORT 2022-23

DEPARTMENT OF EDUCATION

As a part of the academic syllabus of 5th semester honours students of Department of Education, are assigned with practical projects where the Students collected relevant data (Bi-variate educational data) from their neighborhood (minimum sample size must be 50) with the objective of

- a) Describing the nature and characteristics of the two distributions
- b) comparing two distributions and finding association between two sets of data by applying the following Method :
 - i) Tabulation of data ii) Determination of central tendencies and variability
(standard deviation)
 - iii) Graphical Representation- Bar graph, Frequency Polygon, Cumulative frequency graph.
 - iv) Determination of the type of association between two sets of data by drawing scatter diagram.

As this is a part of the compulsory academic syllabus of CC 12 paper needed for their partial fulfillment of B.A. 3yr Honours degree as per Calcutta University syllabus, all the students mentioned in Annexure I successfully completed the practical project with in time and appeared for the final exam.

COMPLETION CERTIFICATE

I hereby certify that the field report titled "Tribal Livelihood at Ajodhya Hill and Its Surroundings, Purulia: A Geographical Study", submitted by B.Sc. (H) SEM-V (39 students), meets all the stipulated requirements for Paper – GEO-A-CC-5—11-P of the Geography Practical Examination - 2022, as mandated by the University of Calcutta's curriculum.

This report serves as a comprehensive record of the fieldwork (primary and secondary data) undertaken by the students from September 12 to September 15, 2022.

Additionally, I affirm that the students have diligently adhered to all guidelines set forth by the University of Calcutta for undergraduate fieldwork in geography.
